D-LUX Fabric Industries Ltd

# Company Profile

## About Us

D-LUX Fabric Industries Ltd was established in 2017 by Yousef Amer, an industrialist who has specialized in cosmetics for many years and who has the vision of producing quality products at competitive and reasonable prices. D-LUX Fabric Industries Ltd was established with the intention of achieving a reputation as a leading company in the manufacture and marketing of cosmetic and toilet products, such as moist wipes of various kinds, such as for babies, for adults, for the removal of make-up, for cleaning and disinfection of the skin, in Israel an abroad. The variety of the company's brands include moist toilet paper, wipes made of thick, quality Fabrics in standard packages, and in economical packages such as packs of three, five, and even eight, in bottles, buckets, etc.

The wipes are manufactured for the holders of a private brand, and we have an independent brand having the prestigious D-LUX name. Furthermore, the company manufactures a variety of products in the field of cleaning and perfume, including cloths for general cleaning, materials for cleaning floors, and innovative washing machine liquids, professional cleaning materials, paper products and multi purpose perfume materials. D-LUX matches trends in the market while employing advanced technologies and automatic machines. D-LUX supplies products of uncompromising quality, without human touch, and thus guarantees a high level of hygiene and a sterile product. The company aims at meeting short supply times in both large and small orders, while providing attentive and individual customer service. D-LUX Fabric Industries Ltd is a registered company that manufactures its cosmetic and toiletry products in compliance with the European standards and regulations ISO 22716: 2007. It holds a cosmetics license from the Israeli Ministry of Health.
